Week 7, Term 4

28th November 2019

PRINCIPAL'S COMMENT

Kia ora koutou , Hi Everyone

LAST DAY OF SCHOOL

Instead of school finishing on the 20th of December we will be finishing a day earlier on Thursday 19th of December - the same day as our prizegiving.

The reason for the change is that in the past we have only had a small number of students turning up on the last day, so the teachers and I thought we would take advantage of the teacher only days that are now on offer from the new collective agreement, which allows for 8 teacher only days over a three year period.

We will be planning for 2020 and analysing our students results for 2019.

I hope this isn't too much of an inconvenience. Just think, you will have an extra day with the kids to help with the Christmas shopping!

SPORT

Yesterday some of our students from Year 4-8 represented our school at the West Cluster Athletics day, held at the Cooks Gardens.

All the students enjoyed themselves, taking part in sprints, 200 metre and 400 metre races, long jump, high jump and throwing.

In the 10-11 Boys group Blake Webster finished 1st and Te Koha Hill and Te Rongopai Marino finished 3rd equal.

In the Senior Boys Tamauira Hawira-Harrison finished 1st and Lucas Payne finished 3rd.

The Senior girl's competition was won by Rakeino-howhetū Hawira. So as you can see from all the results Kai Iwi School did very well.

It was a great effort by all the students that attended and a well-run event.

Assembly

There is no assembly tomorrow as most of our students will be at Tough Kids.

Enjoy your weekend.

Ross Harvey, **PRINCIPAL**

SWIMMING POOL KEYS

If you would like a swimming pool key for the summer please the return slip attached. You will then be sent the rules and a contract which needs to be completed and returned along with \$40. \$20 goes towards chemicals and \$20 for the key which is refunded when the key is returned.

We are also seeking pool caretakers for over the school holidays (key fee will be waived). This involves checking it every day, testing the water and maybe adding chemicals.

Thanks to those who have already collected theirs.
