

**PRODUCT
GUIDE 2018**
VERSION 1

Welcome

A comprehensive range of furniture and products for the commercial sector and leisure industry.

Quality is everything

We deliver high quality furniture and products suitable for any commercial environment.

Value is essential

Because we buy direct from manufacturers worldwide and deliver all our stock direct from our own warehouses, we can offer the best value available anywhere. See our website for special offers.

Service is priceless

Our customer service team will do everything they can to make sure your furniture is delivered to you where and when you want it. We go the extra mile to ensure our customers have the best possible service.

We are so confident with the quality of our furniture we are pleased to offer a 2 year commercial guarantee. You can be assured our furniture is built to last.

Exclusions apply *

CUSTOMER CARE PROMISE

Our friendly and knowledgeable team is dedicated to excellent service and customer care.

We promise to go the extra mile to ensure we deliver excellent products on time throughout the UK.

MADRID COLLECTION

New blow moulded furniture to look like woven rattan

Made from highly durable resin reinforced with glass fibre for extra strength and durability, the range has the aesthetic appeal of rattan but will never unravel, rust or decay.

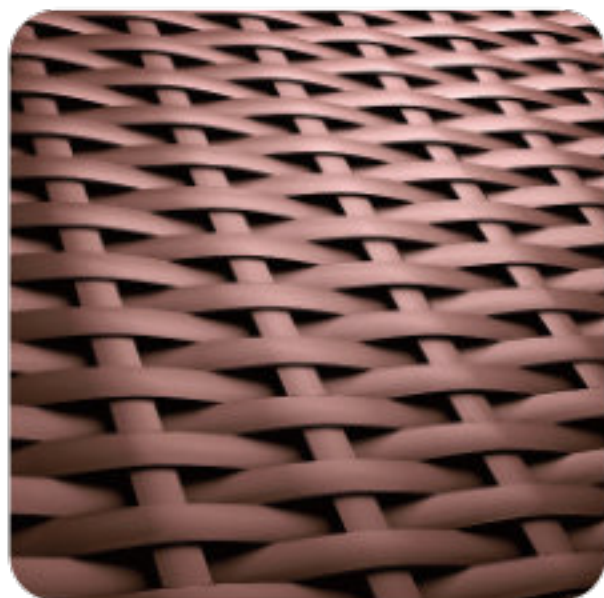

The next big thing for commercial furniture

With it's aesthetically pleasing look, clean lines, durability and, very importantly, the price. We believe it is the next big thing for commercial furniture and is ideal for inside and outside.

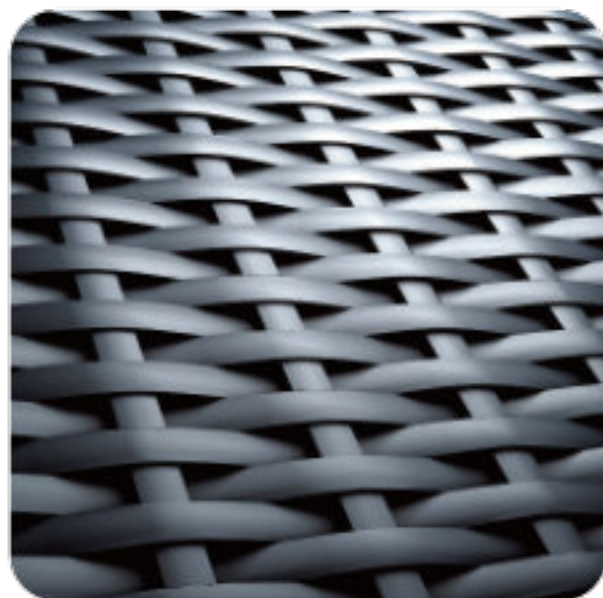

Maintenance Free

The furniture is almost maintenance free. If outside, a wash down with soapy water once a year is all that is needed to keep it looking in tip top condition and UV resistant qualities keep it from fading.

Available in two attractive colours:

BROWN (BR)

DARK GREY (DG)

Injection moulded to look like rattan. UV protected.

Easy self assembly 'click together' design

TEAK PREMIUM COLLECTION

Made from premium quality grade 'A' teak. Synonymous with longevity, it is a dense close-grained hardwood which is high in natural oil content. These qualities enable the wood to withstand exposure to extreme weather conditions. All joints are mortise and tenon secured with dowels. Left untreated the teak will turn silver grey.

Ideal for parks, commercial premises or domestic gardens, the Oxford heavy duty bench has scroll arms and a shaped top rail. Made from thick timbers for strength and longevity the sturdy legs are 9x9cm solid teak. For engraving and plaques see page ??.

BENCH FIXING KITS AND TEAK TREATMENT

The soft ground fixing kits are specially designed so they can not be pulled out of the ground. Using the re-usable tool an inner bar curls underground fixing it permanently in place. The tool is reusable so for multiple benches a 'no tool' kit can be purchased separately to reduce cost.

Both soft and hard ground kits come with anti theft screws which can't be undone.

These kits can be used to secure much of our furniture if security is an issue.

Soft Ground Fixing Kit
(re-usable tool included)

Code: EA102

Soft Ground Fixing Kit
(no tool)

Code: EA101

Hard Ground Fixing Kit

For fixing onto concrete,
embedded slabs or thick tarmac.

Code: EA103

PLAQUES AND ENGRAVING SERVICE

Most of our teak benches can be engraved or a plaque incorporated. The number of characters is only limited by the type of bench chosen or size of plaque. There is a fixed one off fee, we don't charge extra for longer sentences. Usually your order will be ready within 10 working days.

REMEMBER

We supply many memorial benches to cemeteries, golf clubs, parks and bowling greens. Our professional and friendly team are here to advise and provide excellent service.

COMMEMORATE

Whether an important date, milestone or historic event; commemorate with an engraved bench or plaque. Plaques can be purchased separately and are available in many sizes.

CELEBRATE

Celebratory events such as weddings, births or any joyous occasion; an engraved bench makes a great personalized gift.

Quick Dry Danish Oil is a unique water-borne blend of natural plant oils and other special ingredients to nourish and protect all types of outdoor timber. The oil dries with a low lustre finish. The plant oils originate from sustainable sources and are used largely to replace crude oil derived components used in synthetic resins.

It is a penetrating oil drying to a hard durable and water resistant seal that brings out the beauty of the grain within the timber. It enhances the warmth and depth to hard woods and

veneered surfaces. It contains ultra violet light inhibitors to protect against sunlight. If applied correctly, the oil will not leave a surface film to peel off. Rustins Outdoor Danish Oil conforms to the Articles in Contact with Food Regulations.

1 litre covers approximately 13 square metres per coat depending on the absorbency of the wood.

We can treat the teak furniture for you. Please contact us for further information.

PLAN TER/ SEATING MODULAR SYSTEM S

Our planter/ seating modular system is very simplistic and very effective. Made from Acacia hardwood timber with an antique white finish. The boxes can be put together in an infinite number of combinations. The smaller square box can be purchased as either a planter or seat and the larger box can be used as a planter or table. The tall planters can be used as a wind break outdoors or to break up an area. For indoor and outdoor use. Fully assembled.

Tops made of fibre-cement.

BESPOKE PLANTERS / BARRIERS

Our bespoke planters are often used as barriers / windbreaks and are made to your specification. Lockable casters enable the planters to be wheeled in and out where required. The examples shown have faux plants which are UV resistant for outdoor use, and glued in gravel to add the finishing touch. Please contact us for more information.

2 YEAR
GUARANTEE

BESPOKE PAINTING SERVICE

More and more clients are wanting something a little different to everyone else, and we now offer a bespoke painting service for any of our wooden products using Cuprinol garden shades. Simply choose the colour from the Cuprinol website and we will be happy to quote.

Our busy workshop can also make bespoke outdoor furniture to your requirements, and we are developing our capacity and capabilities in 2018. Please phone for more information.

COMMERCIAL PARASOL

Our standard commercial parasol comes in white, but other fabric colours are available on request.

The frame is made from powder coated aluminium with an easy opening mechanism.

The canopy is 210 gram polyester and is treated to repel water.

Valances are available to order.

Other shapes and sizes are available upon request. Lighting and heating optional. Please phone for more information.

Screen Printing:

For orders less than 20 screen printing is available on the valance only.

For orders of over 20 - 50 parasols (depending on design and complexity) screen printing is available on panels and valance. Screen printing is fade resistant and will stay looking good for years.

Digital Printing:

For orders less than 20, digital printing on the panels and valance is available. Digital printing is cost effective, but not as weather resilient as screen printing.

Our standard large commercial parasols are excellent value. They come in three standard sizes and lots of options including printing. Contact us for more information and our friendly team will assist.

Commercial Parasol 3x3m	Code: JJ306
3x3m Parasol Slab Base	Code: JJ311
3x3m Parasol Underground Base	Code: JJ308
3x3m Parasol Cover	Code: JJ309
