## TRUE STEWARDSHIP

The gospel message proclaimed throughout the New Testament invites us to live in harmony with the world. This is a challenge to care for the world and be stewards of all that God has given us. Like generations before us, we are entrusted with the care of the earth so that generations to follow may enjoy the same gifts. Sometimes, however, we are absorbed into the ways of the world. When we are of the world, we rely heavily on the power of wealth, beauty, fame, and accumulation of material possessions. We want earthly possessions and carelessly turn our hearts from the responsibilities of stewardship and conservation.

The readings today challenge us to walk away from the world so that we might inherit our share of God's kingdom. How we live our lives directly reflects our love for God. Copyright © J. S. Paluch Co.

### Thanksgiving The Legend Of The Five Kernels

The first winter the Pilgrims spent in their new home was very cold. Food was in short supply. Some days they only had enough food for each person to have five kernels of corn for the day. But spring came. They planted food. It grew. And all the Pilgrims did not die. From then

on, when a time of Thanksgiving came around, the pilgrims put five kernels of corn on each plate and used them to remind themselves of their blessings.

The first kernel reminds us of the autumn beauty around us.

The second kernel reminds us of our love for each other.

The third kernel reminds us of God's love and care for us.

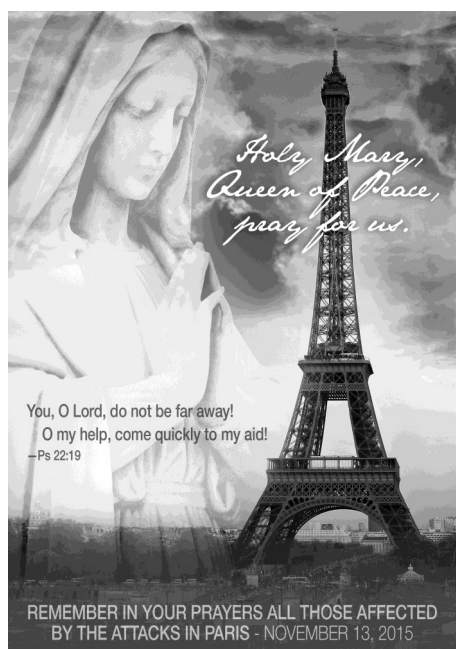

The fourth kernel reminds us of our friends-especially our Indian brothers.

The fifth kernel reminds us we are free people.

## Family Room

### November is a time for saying goodbye

Each year we spend time during November remembering our losses, appreciating the gifts we have been given while aware that all is transitory. This November we are also saying a different kind of goodbye. We will be remembering the grace of many, many years of music that were provided to ODS by our grand piano. It has been a part of our worship here for so many Masses, Penance services, concerts, and funerals. It has served us well. However, for some time there has been recognition that the piano has some problems, the most important one being that it is very hard to keep in tune.

Another concern is even more urgent: the current size of our community, our musician groups, and our choir is leading to a fire escape problem. For safety reasons, the exit into the parking lot next to the altar needs to be a clear passage in case of an emergency. Currently the passage is too congested.

Our music director Cecelia and our 11:00 Mass keyboardist Rick have been meeting for several months to come up with an alternative that meets everyone’s needs. They have carefully selected a new digital keyboard. Special attention was given to finding one that would replicate as closely as possible the sound of a concert piano, as well as the musical tones that are desired for more contemporary liturgies. Give it a listen! And give a warm thank-you to those who provide our music week after week.
