2. Verse

Then I saw a little boy crying
when I passed a football field
He had been training so hard
for this match against a neighboring
school
he was picked out for the team
and this was his dream

He looked so forward to show his father
how good he had been
But Papa didn't show up, cause
G **A** **C7**
he had no time to spare

3. Verse

I saw a middle aged woman
roaming the streets in the night
She had to flee her house because her
husband
was drunk and looking for a fight
He hit her so hard
that she was bleeding from her nose
She tried to defend herself
but he came to close
He forced her to run away
wow, what a man he was
