

## In an Empty House

**Verse 1** Hey man, You had so much time  
Did you think it all had to be saved  
till the end of your life  
If you used some more time  
With your family  
Maybe you wouldn't have to lock the door  
behind you  
In an empty house

**Verse 2** Hey man, Did you think it was all right  
To go to work every day, and every night  
IF you took it easy  
Just a little bit more  
Maybe you wouldn't have to lock the door  
behind you  
In an empty house

**Chorus** How could you have your eyes open wide  
And not see the road you choose, for your  
ride  
How could your brain be on alert  
Without understanding that People around  
you hurt

**Verse 3** Hey man, you are such a fool  
You think you're a great businessman  
And you think your so cool  
But you were nothing  
And your nothing to day  
When you lock the door behind you  
In an empty house

## In an Empty house

**Chorus** How could you have your eyes open wide  
And not see the road you choose, for your  
ride  
How could your brain be on alert  
Without understanding that People around  
you, hurt
