

# I Love You

**Verse 1** It's been such a long, long time  
Since I saw you my friend  
It's been such a long time  
I want to meet you again  
I didn't know that you carried  
Such a deep pain inside  
It's been such a long, long time  
It's time to leave the pain behind

**Verse 2** The road has been long and hard  
And there's been lots of crying  
I knew from the very start  
There would be some denying  
I didn't know you remembered  
All the things we use to do  
It's been such a long, long time  
It's time to leave the pain behind

**Chorus** I love you  
More than I can say  
More and more each day  
I love you  
More than I can show  
More than you will know  
I didn't pay attention  
To what you tried to tell  
I didn't see the tension  
that other people saw so well

## I Love You

I love you  
More than you will ever understand

**Bridge** Don't you see?  
I can be  
The only one you need  
I am prepared to give you what it takes to work  
Don't you dear  
Don't you care?  
I just want a break  
So we can make it happen just another time

**Chorus** I love you  
More than I can say  
More and more each day  
I love you  
More than I can show  
More than you will know  
Didn't pay attention  
To what you tried to tell  
Didn't see the tension that  
Other people saw so well  
I love you  
More than you will ever understand

## I Love You
