

Bedtime Blues

Verse 1 I get up in the morning, feeling kind of fresh
I have been sleeping all night, I feel quite all right
I make myself breakfast, the sun is shining on my hands
Good start on my day, and I feel okay
Bedtime Blues, Bedtime Blues
Bedtime blues, Bedtime Blues

Vers 2 I go to work, and I work hard all day
Try to make a living out of what I do
Work is okay, and I don't think too much
The evening comes, and it's time to go to

Bedtime Blues, Bedtime Blues
Bedtime Blues, Bedtime Blues

BRIDGE I'm coming home to an empty house
And the feeling is cold, and I feel alone
Maybe one day I will meet someone
But for now, I have to sing my Blues

Vers 3 Days go by, quite successful days
I'm doing all right, and I feel okay
There's no time to think and I'm not worried at all
But the day comes to an end, and I have to go to

Bedtime Blues

Bedtime Blues, Bedtime Blues, Bedtime blues,
Bedtime Blues
