If you've ever stopped at a North Carolina Welcome Center while heading to the Outer Banks, chances are you've picked up a brochure titled **North Carolina's Lighthouses: From Corolla to Cape Fear**. This beautifully designed guide has long been a favorite among travelers, offering a glimpse into the rich maritime history and iconic beacons that dot our coastline and rivers.

Thanks to a generous \$2,500 grant from the **Outer Banks Community Foundation**, the Outer Banks Lighthouse Society will be able to print what may be the final edition of this publication. For years, Welcome Center managers have praised the brochure as one of the most requested and appreciated resources available to visitors.

This year, we're printing 17,500 copies of the brochure, which will be distributed by Ralph Burroughs of The Positive Influence, who has graciously handled this service free of charge for nearly two decades. His dedication has helped countless travelers discover and enjoy North Carolina's historic lighthouses.

So next time you're cruising down one of North Carolina's major highways, be sure to stop at a Welcome Center and pick up a copy. Let it guide you to the lighthouses that have stood watch over our shores for generations.
